

December 30, 2023 was the first time I had been in church since I was 8 years old. I was seeking protection from all the negative personal attacks that was happening in the party politics. The topic of the sermon was "Putting on the Armor of God." and standing up for what was right and using your voice. I knew I had found my Church home and gave my life over to Jesus. Politics is dirty, but it led me to God, and I will be forever grateful for that.

Running for County Chair, my goal was to educate voters and get them to vote. I will be honest; when I first woke up to politics, I didn't know the difference between a primary and a general election. Now I train precinct chairs and will run the County Republican convention.
